25X1 25. [] LIAISON Morgan Broman, in the office of Representative Edward Boland (D., Mass.), called requesting a statement on the recent drug hearings. I told Mr. Broman I would check and be back in touch. I then sent Mr. Broman copies of two news items providing information on the Director's testimony at these drug hearings.

25X1 26. [] LIAISON Received a telephone call from Michael Glennon, Legal Counsel, Senate Foreign Relations Committee, who inquired into the status of the Memorandum of Understanding with the Subcommittee on International Operations, i. e., had the DCI signed the Memorandum and was it on its way for Chairman George McGovern's (D., S. Dak.) countersignature? Since I had spoken with Glennon on the preceding day about a hitch which had developed with regard to the Community aspect of the Memorandum of Understanding, I told Glennon that this still remained a problem for us and we might seek resolution by re-writing the Memorandum. Glennon indicated that he was anxious to get started and I assured him that I would do my best to move things along.

25X1 27. [] THIRD AGENCY Received a telephone call from Carl Duckett, former DDS&T, who reported that he has been contacted by one John Ahearne, of the newly created Department of Energy, who would like to interview him [] It is Duckett's impression that James Schlesinger, head of the Department on Energy, has developed an interest 25X1 [] Duckett had indicated to Ahearne that he would want to have CIA's concurrence in an interview, and this was the reason Duckett was calling me. I told Duckett I would have to check this out and would get back to him. I contacted [] who in turn checked with Ted Shackley, ADDO, and I was able to advise Mr. Duckett that CIA interposes no objection to the interview, stipulating of course that Mr. Duckett should be appropriately cautious of sources and methods information. 25X1 I added that if Mr. Duckett encountered any problems, he should feel free to get back to me.
